

COLLEGE RACQUET CLUB NY Forward Safety Plan

Name of Business: College Racquet Club Inc.

Industry: 713940

Address: 171 White Plains Road
Bronxville, NY 10708
914 961 9555

Contact: Neil Tarangioli

Purpose: This Plan is required by the New York State Department of Health to help prevent the spread of COVID-19. The College Racquet Club COVID -19 Guidelines are part of this Plan and address customer activities at the Club. This document addresses the role and responsibilities of the Club and its employees in preventing the spread of this disease.

I. CRC COVID-19 Guidelines

These Guidelines follow USTA recommendations to prevent virus spread while playing tennis. They are designed for the safety the player/customer and employee. They start with arrival at the Club and end with departure and cover steps such as reservations, payment, registration, waiting, ball and equipment handling, instruction and play. These Guidelines are available on the Club website and are posted at the Club.

II. CRC Responsibilities

Provide for signage to direct customers where to enter and exit the Club. Distanced waiting areas are marked with tape and designated with signage. CRC Guidelines will be posted.

A reception table will be maintained away from the waiting areas where reservations will be verified, customers registered and payment, if necessary, will be made. The Club website is currently being enhanced with reservation and payment abilities to further limit contact at reception. The registration log will also include visitors and deliveries.

Hand sanitization stations are available at the entrance and exit for both customers and staff.

Face coverings are provided to staff maintaining the reception table.

Deliveries are infrequent and will be made to the reception desk.

In an effort to reduce “touch points” all tables, chairs, benches, etc. have been removed. During business hours gates will remain open. Court score standards have been removed.

Remaining touch points will be wiped with sanitized four times per day. A log will be maintained.

Customer temperatures will be taken at arrival and staff temperatures will be taken when they arrive for work.

State and local health authorities will be notified if an employee tests positive for COVID-19. In that event, the Club would be immediately closed and not reopened until a complete sanitation procedure has been completed

Note: Access not allowed to the indoor courts, lobby, office or restrooms. All activities are around three outdoor courts. The maximum number of people (customers and staff) at the Club at one time is 26 spread between three courts and the reception area. On average we expect 13-15 people at one time. The Club employs 7 people. This plan will change when normal activities are restored.

III. Employees Responsibilities

Insure that customers are aware and adhere to the Club’s COVID-19 Guidelines.

Conform to the 6 ft. social distancing rule and will wear face covering requirements.

Do not report for work if experiencing symptoms.

Notify the Club immediately if tested positive for COVID-19.
